MySql
Angular
Machine Learning

CERTIFICATIONS

- Google Cybersecurity
- Google Project Management
- IBM AI Developer Specialization
- IBM AI Engineering Professional Certificate
- Software Engineerring Specialization
- Web Development

I am a student pursuing a Bachelor of Computing Degree in Belgium Campus ITversity College. I have a passion for creating innovative solutions. I am seeking a remote internship to gain experience and contribute to impactful projects to learn and gain experience in my field. My mission is to drive positive change by developing solutions that benefit our community and economy through coding. I am a technical person who codes for fun in my free time, a passion I've had since a young age that led me to study IT in high school and till now.

EXPERIENCE

November 2021 - Current
Web Developer *Stedi*, Pretoria, South Africa
- Developed and built the Stedi website and web application from scratch.
- Managed all aspects of web development, including front-end and back-end programming.
- Designed user interfaces and ensured a seamless user experience.
- Implemented features such as speed tracking to incentivize safe driving behaviours.

- Foundations of Computer Science
- Programming Languages (C#)
- Web Development
- Data Structures and Algorithms

2023
GCSEs
Amberfield College, Centurion, GP
Major Subjects:
- Information Technology
- Physical Science
- Economics
- Pure Mathematics

HOBBIES AND INTERESTS

I go to the gym every day to maintain my fitness. I frequently learn new languages, and I'm currently learning German. I enjoy coding and spending time playing with my dog.
